Section III – Charts Guidelines

Future Numbers

Divine Pendulum
“Three Main Guidelines Group”

1.	Operating Guideline
2.	User Guideline
3.	Charts Guideline

The Divine Pendulum has three groups of Guidelines and all must be accounted for best results.

No	Charts Guidelines
1	Charts
1.01	The Charts used for mapping the numbers must be clear and have two or three levels for zooming into a section where the numbers are stated.
2	Early Preparation
2.01	Preferably all preparation like setting the computers with the Digital Charts on screen, preparing profile of the Future Numbers and the Divine Pendulum next to the Computer Monitor/Tablet/or Paper Charts ready to start. Preparation should be done before the session starts.
3	Digital Free Charts
3.01	Master, Alfred G Jr provides free digital charts that the user can use with a computer tablet or even a cell phone with a good screen.
Time Windows – Remote View	
4	Chart Time Session
4.01	The user should know when starting a charting session should be finish and not take a break in the session. Because a time window is used. Average time Window is about 12, 24 or 36 minutes in time.
Levels in a Chart	
5	Charts Level
5.01	Each Future Number column should have 2 to 3 levels when Charting a number. The Divine Pendulum Charts have those levels. For sample a Chart that has 1 to 19 there are 2 more charts next to that on with 1 to 10 and another on with 11 to 19.

6

Chart Zooming

6.01

Chart Zooming in is used when entering the next level to close in the number the Divine Pendulum is indicating. Never force a Number the movement will let you know.

Movements Indicator

7

The basic – “Yes” Movement

7.01

The basic movements are circles to the Right (Indicates – Yes) and circles will start pointing to a number slowly. The turns should not be larger than 3 inches.

8

The basic – “No” Movement

8.01

The basic movements are circles to the Left (Indicates – No) and circles will start pointing to a number slowly. The turns should not be larger than 3 inches.

<< This will indicate the 180° Degree Guideline and the charted number will be on the other side of the circle.

180 Degree Guideline

9

The 180° Degree Guideline

9.01

The 180° Degree Effect when using a 360 Degree Chart will inevitably play a big role in charting a Future Number. Double confirmation must be factored for best results. *(See 180 Degree Guideline)*

10

180° Degree Chart Movement

10.01

Each day a User could have a different movement with the Divine Pendulum and that’s what create the 180° Degree Chart result.

Number “13 Disappears” in the 180° Degree Guideline

11

Number “13 Disappears”

11.01

The Number 13 in 180 degree disappears (not seen or numbers space is not accounted for in the 180 Degree table. **“This must be factored in or will chart the number next to the number.”**

12

Number “13 Disappears” factored in Divine Pendulum Charts

12.01

All Divine Pendulum Charts have factored the number 13 does not count on the 180° Degree table.
